Oyo,Nigeria | [LinkedIn](#) | [Github](#)

Profile/Summary

A detail-oriented Frontend Developer with a creative approach to building clean, user-friendly digital experiences. Skilled in HTML, CSS, JavaScript, React, nextJS and clear communication, combining strong technical execution with organized workflows and administrative efficiency. Adapts quickly, supports teams effectively, and translates ideas into functional interfaces that fit fast-paced, innovative environments.

Skills

- **Frontend Development:** HTML | CSS | JavaScript | Tailwind CSS | Next.js
- **UI/UX & Design:** Creating responsive, user-friendly interfaces
- **Other Skills:** Team collaboration, workflow organization, problem-solving

Experience

Frontend Developer – NotZero

Technologies, Oyo

July–Nov 2025

- Delivered responsive, user-friendly web interfaces with HTML, CSS, JavaScript, Tailwind CSS, and Next.js, improving usability across devices.
- Built a JavaScript chatbot that automated user responses, increasing engagement and efficiency.
- Translated UI/UX designs into functional applications, reducing design-to-deployment time. Collaborated with peers to debug and optimize code, enhancing project performance and reliability.
- Streamlined workflows and applied best practices, ensuring timely delivery of highquality projects.

Frontend Developer – Built Tech Path Project (Next.js + Supabase)

- Built a responsive, interactive Next.js application designed to help newcomers navigate the tech industry.
- Developed a free-to-use tool that solves the common problem of lack of accessible resources for beginners, providing structured learning paths and guidance.
- Integrated Supabase to fetch and display dynamic data, enabling users to interact with content seamlessly.
- Translated UI/UX designs into functional, user-friendly components, ensuring consistency and ease of use across devices.

Administrative Assistant – Valencia

School

Jan–Dec 2025

- Managed digital records and organized workflows, improving operational efficiency and reducing document retrieval time by 30%.
- Streamlined communication between staff, students, and parents, ensuring timely and clear information flow.
- Assisted in implementing process improvements, enhancing daily administrative operations. Supported team projects by coordinating schedules, tracking deadlines, and maintaining organized records.
- Applied attention to detail and problem-solving skills to ensure accuracy and smooth office operations.
